

## Lorton House's Fish Expert

Sally Allan

### *Half day workshop*

We are delighted visitors to Lorton House are able to book 'Sally's Fish Camp' for a half day workshop experience.

She will drive to Lorton from her home a few miles away in Abbotsbury with freshly caught fish and teach you how to crack your crabs and open your oysters! Naturally should you prefer lobsters, she will do the same.

Sally will teach you to prepare a fresh sea food platter so you can enjoy the fruits of your labour with friends and family. One of the joys of staying at

at Lorton House is that she can bring her wealth of knowledge direct to our spacious kitchen.

Sally is well known in Dorset, she is able to provide her customers with the best quality seafood with their accompaniments from trusted local suppliers. So whilst you enjoy your stay at Lorton, why not learn a new skill?

Naturally, it is important you book your fish camp experience well in advance of your visit. Sally is at her busiest in July and August, but do get in touch and we can check on her availability.

For further details on availability and costs for Sally Allan, please email: [info@lortonhouse.co.uk](mailto:info@lortonhouse.co.uk) or call **07581 054443**
